

Town of Hope
Planning Board Meeting
July 27th, 2010

Present: Martie Cooper, Tug Kellough, John Fallows, Juanita Hunt, Nancy Dowling

Also Present: Jon Duke: CEO and Town Manager

Meeting Opened @ 7:01 p.m.

Minutes of July 6th were reviewed and accepted as written

Old Business:

Amy Wilton: Returned to Planning Board having decided in the interim since July 6th, to proceed with designating her new building as a professional building. The Planning Board then reviewed her business application as such. It was determined, among all requirements, that there was adequate parking and that signage was covered under rules for businesses and would be handled between Amy Wilton and Jon Duke, (acting in his position as Code Enforcement Officer).

New Business: Jon Duke reminded all that there would be no meeting for August, as per norm. He was hoping to set up a meeting with the new town attorneys. He would like to have the meeting in the form of a workshop, toward the end of Sept., possibly the 21st. He would be in touch with all of us over the month of August.

Mention was made that it would be beneficial, particularly with two new members, to have binders available to help each Planning Board Member keep all the various town documents organized. Tug Kellough volunteered that he thought he had plenty at home and would willingly donate them to the Planning Board. He promised to bring them by at the next meeting.

Motion to adjourn was made, seconded and passed @ 7:19.
